

Chase Continues to Make FFELP Loans

Chase continues to participate in the Federal Family Education Loan Program for the 2009-10 academic year, originating Stafford, Grad PLUS and Parent PLUS loans that:

- Have a first disbursement date on or after May 1, 2009,
- Are for a loan period that includes, or begins after, July 1, 2009, and
- Are fully disbursed by June 30, 2010.

Chase also continues to participate in the Department of Education "Put" program, which allows lenders to sell FFELP loans to the DOE.

Should conditions change. . .

After we review the legislative outlook regarding FFELP – including whether the Ensuring Continued Access to Student Loans Act will be extended for another year — we will determine and announce our FFELP strategy for the 2010-11 academic year.
